It looks like CRK is putting Bureau of Rec on notice for violation of discharging without a permit at the Grand Coulee Dam

CRK acknowledges the sanitary NPDES permit but it is not part of the lawsuit. I attached the NOI. Thanks for the info.

Hi Don,

The Idaho permit is going in fits and starts. I've got drafts and am waiting on the final draft of the BE. I had not heard about the suit against BOR - and haven't heard of violations. I do know that we have a permit issued to the GC Dam, it is for sanitary waste, but I don't know that it covers more than that.

Hey Dru,

Just checking on the status for a GP hydropower permit in Idaho. Also, have you heard that CRK is intending to sue the Bureau of Rec for NPDES violations at Grand Coulee Dam?

Don
